

VLK-57C

Dakota Digital VHX Clock Installation For '57 Chevy Rectangular Clocks

Your new VLK-57C kit should include:

Installation

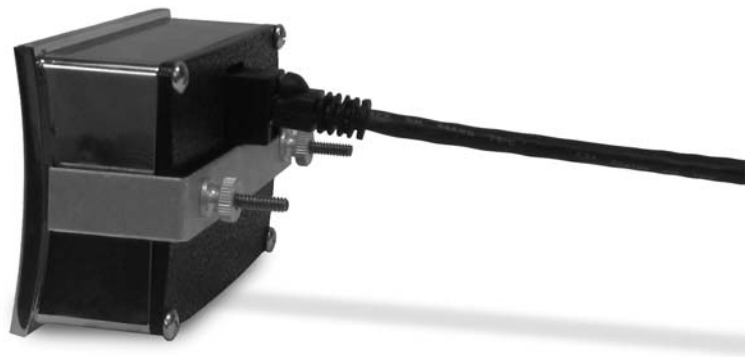

1. The clock should be inserted into the stock clock location from the front.

2. Slide the U-clamp over the studs from the back and tighten the thumb nuts to secure the clock into the dash.

3. Connect the CAT5 cable to the clock. Route this cable back to the VHX control box.

4. Refer to the Operating Manual to complete the VHX clock setup.
