

HDX-54C-PU

Dakota Digital HDX Instrument Installation
For '54 and '55 "First Series" Chevy pickup systems

Your new HDX-54C-PU kit includes:

HDX Display

Universal Sender Pack

Buzzer

Installation Manuals

Interconnect Harness

Main Harness

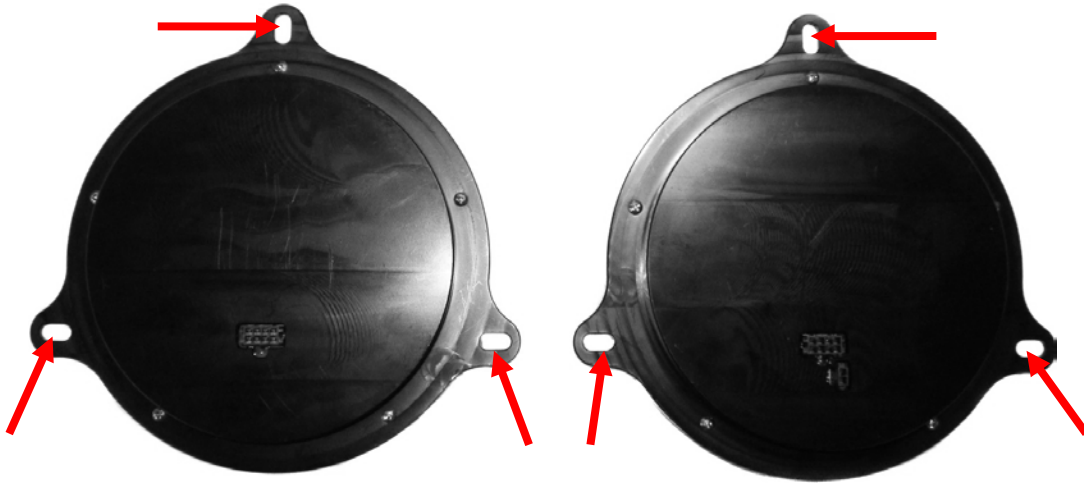

Control Box

Installation

1. Remove the stock gauges from the dash. Each gauge is held in place by three nuts on studs on the back of the dash. Save the nuts as they will be re-used to secure the new HDX kit.

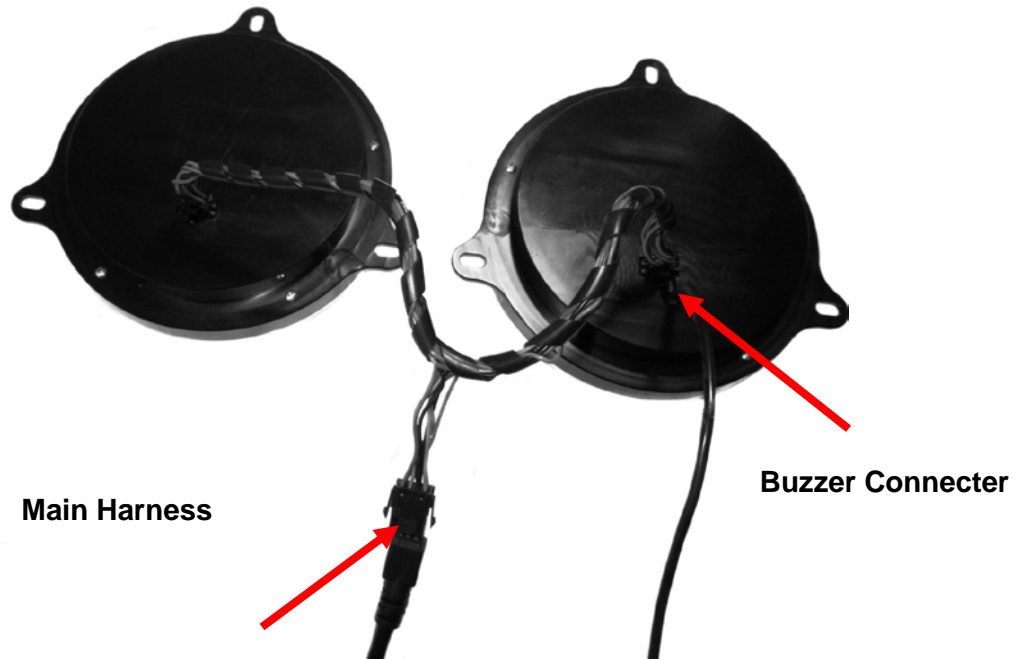

2. Secure the new HDX Instruments to the dash re-using the original nuts.

3. Connect the provided interconnect harness to the back of the HDX system.

4. Connect the provided main harness and the buzzer (optional for audio feedback) to the back of the HDX system.

5. Refer to the main manual for wiring instructions to complete the HDX installation.
