

VHX-37C

Dakota Digital VHX Instrument Installation
For 1937-38 Chevrolet Car

Your new VHX-37C kit includes:

VHX Display

Universal Sender Pack

Switch Assembly

CAT5 Cable

Control Box

Installation

1. Remove the stock cluster from the dash and be sure to retain all hardware for reassembly.

2. Connect the CAT5 cable to the system as the VHX cluster is installed into the dash. Watch carefully so you don't scratch or damage the lens or bezel, and take care when routing the CAT5 cable to the control box location.

3. Re-install the cluster into the vehicle using the stock hardware on the (4) four mounting tabs and refer to the main manual for wiring instructions to complete the VHX installation.
