

## VHX-70B-SKY

Dakota Digital VHX Instrument Installation  
For 1970-'72 Buick Skylark

Your new VHX-70B-SKY kit includes:

### VHX Display

### Universal Sender Pack

### Switch Assembly

### 36" CAT5 Cable

### Control Box

## Installation

1. First, remove the stock gauge bezel from the dash. Retain all factory hardware for reassembly.

2. Remove the stock gauges from the bezel by removing the nine (9) PAL nuts shown in grey arrows and retain the hardware for reassembly.

**Stock Gauges Removed**

3. With the stock gauges removed you can now mount the VHX system to the bezel by reusing eight of the nine PAL nuts that mounted the factory gauges to the bezel.

4. Attach the provided CAT5 cable to the back of the VHX system and carefully route the open end to the control box mounting location.

5. Re-install the gauge cluster to the dash using the factory hardware and refer to the main manual for wiring instructions to complete the VHX installation.
