

VLC-42F

Dakota Digital VHX Clock Installation For 1942-'48 Ford Car

Your new VLC-42F kit includes:

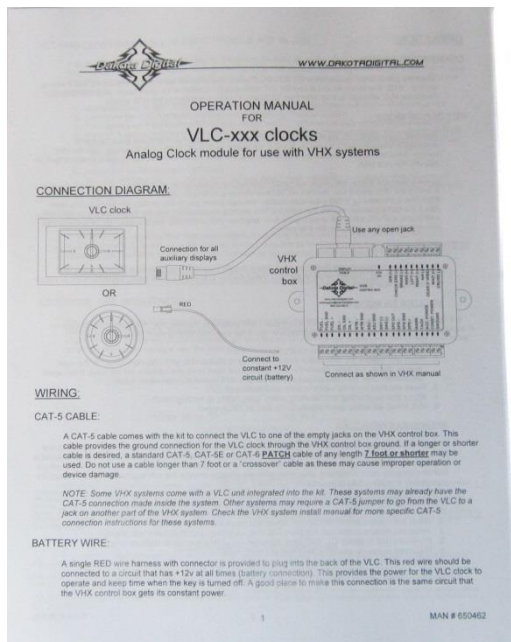

VLC Clock

CAT5 Cable

Installation Manuals

Power Harness

Installation

1. Disconnect and remove the original clock. Retain the factory hardware for re-assembly.

2. With the original clock removed, carefully maneuver the VLC clock in place while lining up the mounting locations and secure the gauge with factory hardware from disassembly.

3. Connect the CAT5 cable and the power harness to the clock. Route the other ends to the VHX control box. Refer to enclosed clock operating manual for these connections and setup.
