

## Rhino center dash plate Installation Instructions UTV-6160 and UTV-6161

The three holes are 2-1/16" diameter and can be used to mount a variety of individual instruments, such as volts, temperature, pressure, etc. The kit will contain either the satin (UTV-6160) or the black (UTV-6161) dash plate and four 10-32 screws, washers, and lock nuts.

First you will have to drill out the rivets holding in the factory warning plate. Do this using an 1/8" drill bit. The rivet holes line up with the holes in the new dash plate.

Next drill the four rivet holes out with a 7/32" drill bit for the 10-32 mounting screws.

Next place the panel on the dash and use a marker/scribe to mark out the gauge mounting holes. Remove the dash plate and trim the holes using a hole saw, die grinder, or similar tool.

Once the holes are cut in the dash you can secure the dash plate using the supplied 10-32 screws through the dash plate with washers and nuts on the back side of the dash.

Installation is complete and you are ready to install your gauges.

### **Service and Repair**

DAKOTA DIGITAL offers complete service and repair of its product line. In addition, technical consultation is available to help you work through any questions or problems you may be having installing one of our products. Please read through the Troubleshooting Guide. There, you will find the solution to most problems.

**Should you ever need to send the unit back for repairs, please call our technical support line, (605) 332-6513, to request a Return Merchandise Authorization number.** Package the product in a good quality box along with plenty of packing material. Ship the product by UPS or insured Parcel Post. Be sure to include the RMA number on the package, and include a complete description of the problem with RMA number, your full name and address (street address preferred), and a telephone number where you can be reached during the day. Any returns for warranty work must include a copy of the dated sales receipt from your place of purchase. Send no money. We will bill you after repair.

### **Dakota Digital 12 Month Warranty**

DAKOTA DIGITAL warrants to the ORIGINAL PURCHASER of this product that should it, under normal use and condition, be proven defective in material or workmanship within 12 MONTHS FROM THE DATE OF PURCHASE, such defect(s) will be repaired or replaced at Dakota Digital's option.

This warranty does not cover nor extend to damage to the vehicle's systems, and does not cover removal or reinstallation of the product. This Warranty does not apply to any product or part thereof which in the opinion of the Company has been damaged through alteration, improper installation, mishandling, misuse, neglect, or accident.

This Warranty is in lieu of all other expressed warranties or liabilities. Any implied warranties, including any implied warranty of merchantability, shall be limited to the duration of this written warranty. Any action for breach of any warranty hereunder, including any implied warranty of merchantability, must be brought within a period of 12 months from date of original purchase. No person or representative is authorized to assume, for Dakota Digital, any liability other than expressed herein in connection with the sale of this product.
