For 1940 Chevrolet Car

Your new VHX-40C kit includes:

VHX Display

Universal Sender Pack

Switch Assembly

CAT5 Cable

Control Box

Installation

1. Remove the stock gauge cluster from the dash and retain the four (4) factory nuts for reassembly.

Front View

Back View

2. Mount the VHX system to the back of the dash using the stock hardware on the (4) four mounting tabs.

3. Connect the CAT5 cable to the back of the VHX system. Take care when routing the CAT5 cable to the control box mounting location.

4. Refer to the main manual for wiring instructions to complete the VHX installation.
