

VHX-94C-CAP

Dakota Digital VHX Instrument Installation
For 1994-'96 Chevrolet Caprice/Impala

Your new VHX-94C-CAP kit includes:

VHX Display

Universal Sender Pack

Control Box

Switch Assembly

36" CAT5 Cable

Installation

1. Remove the stock gauge cluster from the dash. Retain all factory hardware for reassembly.

2. Attach the provided 36" CAT5 cable to the back of the VHX system and route the other end through an existing opening in rear of the dash to the control box mounting location. Be careful to not pinch the CAT5 cable.

3. Place the VHX system into the dash and secure the system using hardware from disassembly.

4. Refer to the main manual for wiring instructions to complete the VHX installation.
